6. Links to other policies
7. Appendix

This policy aims to set out our school's provision of impartial and informed careers guidance for all our learners. This includes the ways in which learners, parents, teachers and employers can access information about our Careers Programme.

Maidstone and Malling Alternative Provision are committed to inspiring achievement through inclusion and support. We work together to enable all our pupils to reach their highest level of personal achievement and to take pride in themselves and their futures. Having a stable Career's Programme enables us to support students to gain knowledge of the requirements needed to consider the next step of their educational journey. As well as next steps, our programme informs students about career sectors, local opportunities and experiences of the workplace.

Careers Education, Information, Advice and Guidance programmes make a major contribution in preparing young people for the opportunities, responsibilities and experiences of life. A young person's career learning journey supports the progress they make in learning and work. As such, we fully believe that all pupils need a programme of activities to help them choose options and career pathways that are right for them through our statutory responsibility of supporting pupils from Key stage 3 through to Year 11. This allows us to support pupils to manage their future career options, sustain employability and achieve personal and economic wellbeing throughout their lives.

High-quality careers guidance is important for our learners' futures, which supports young people to move through their education and onto the next stage of their life and equips them to manage their future progression through learning and work. To do this, our provision aims to:

- Help learners prepare for the workplace by building the skills, knowledge and behaviours needed for self-development and career management through a whole school approach linking curriculum learning to careers
- Provide opportunities for a variety of quality work experiences into different industries to support career planning
- Develop learners' awareness of the variety of education, training and careers opportunities available to them
- Help learners to understand routes to careers that they're interested in, and to make informed and aspirational choices about their next step to make effective and sustained transitions
- Promote a culture of high aspirations and equality of opportunity

1. Vision and intent

1.1 Purpose of CEIAG

Maidstone and Malling Alternative Provision is committed to providing high quality Career Education, Information, Advice and Guidance (CEIAG) to all students. This provision reflects statutory and non-statutory careers guidance outlined by the Department for Education.

CEIAG is important because it:

- Empowers and prepares young people to gain and sustain enriching employment.
- Raises student aspirations to reach for their full potential which in turn improves school attainment.
- Supports young people in developing the necessary confidence, knowledge and skills to plan for and manage their own future.
- Promotes diversity, social mobility and challenges stereotypes.

1.2 Aims

Maidstone and Malling Alternative Provision is proud to partner with colleges, HE providers, businesses, parents/carers and other external agencies in order to offer broad and effective support to our students. Our CEIAG provision aims to:

- Give students relevant careers information and guidance through curriculum learning, one-to-one advice and a range of activities, events and trips.
- Display the full range of routes available to young people post-16 and post-18 and to provide personal guidance regarding which to explore further.
- Impartially support students on an individual basis to choose the pathway that is right for them.
- Expose students to the world of work through year 7, 8, 9 and 10 work shadowing placements as well as curriculum related workplace visits.
- Enable students to consider their own strengths, skills and motivations and to evaluate how these impact future career decisions.

High-quality careers guidance is important for our learners' futures, which supports young people to move through their education and onto the next stage of their life and equips them to manage their future progression through learning and work. To do this, our provision aims to:

- Help learners prepare for the workplace by building the skills, knowledge and behaviours required for self-development and career management through a whole school approach linking curriculum learning to careers
- Provide opportunities for a variety of quality work experiences into different industries to support career planning
- Develop learners' awareness of the variety of education, training and careers opportunities available to them
- Help learners to understand routes to careers that they're interested in, and to make informed and aspirational choices about their next step to make effective and sustained transitions
- Promote a culture of high aspirations and equality of opportunity

2. Statutory requirements

This policy is based on the Department for Education's (DfE's) statutory [Careers guidance and access for education and training providers](#).

This guidance refers to:

- The Education Act 1997, Sections 42A, 42B, 45 and 45A
- The Education and Skills Act 2008, section 72
- The School Information (England) Regulations 2008, schedule 4 (15)

This policy is also in line with the more recent [Skills and Post-16 Act 2022](#), which came into force on 1 January 2023. It explains that our school must provide a minimum of 6 encounters with technical education or training providers to all learners in years 8 to 13. For more detail on these encounters, see our Provider Access Legislation Policy (**Appendix 3**)

This policy is also in line with the Education (Careers Guidance in Schools) Act 2022 Chapter 13. The Act extends the careers duty to pupils throughout their secondary education, which fulfils a commitment in the government's 'Skills for Jobs: Lifelong Learning for Opportunity and Growth' white paper, published in January 2021, to bring the careers duty in line with the government's recommended careers framework for schools (Gatsby Benchmarks of Good Career Guidance) which applies from year 7 to year 13.

The Act extends the careers duty to academy schools and alternative provision academies, meaning that pupils in all types of state-funded school will receive careers guidance that is subject to the same legal standards.

This policy accepts the 8 Gatsby Charitable Foundation's benchmarks as set out in the DfE guidance. They can be seen in **Appendix 1** of this policy.

Roles and responsibilities

Careers Link Governor - Tanya Kelvie, Tanya.Kelvie@aylesford.kent.sch.uk

SLT responsible for Careers – Assistant Headteacher, Lee Aitken-Cooper, laitken-cooper@mmap.kent.sch.uk

Careers Leader - Lee Aitken-Cooper, laitken-cooper@mmap.kent.sch.uk

Careers Advisor -Marie Albrow, malbrow@mmap.kent.sch.uk

Careers Teacher - Sarah Skuse, sskuse@mmap.kent.sch.uk

3.1 School Responsibilities:

The school has a series of statutory duties:

- All registered pupils at the school must receive independent careers advice in Years 7 to 11
- This careers advice must be represented in an impartial manner, showing no bias towards a particular institution, education or work option. This advice must cover a range of education or training options. This guidance must be in the best interests of the pupil
- Schools are required to publish (a) the name, email address and telephone number of the school's careers leader; (b) a summary of the careers programme including details as to how pupils, parents, teachers and employers may access information regarding the careers programme; (c) how the school measures and assesses the impact of the careers programme on pupils; (d) the date of the school's next review of the information

- There must be an opportunity for education and training providers to access pupils in Year 8 – Year 11 in order to inform them about approved technical qualifications or apprenticeships. Cf. Section 6 of this policy
- The school must have a clear policy setting out the manner in which providers will be given access to pupils. Cf. Section 6 and Appendix 3. This policy and these arrangements must be published.
- The school will base its Careers Programme around the Gatsby Benchmarks. A summary of these can be seen in Appendix 1, and they cross reference with the objectives of this policy.
- The school will continuously monitor its CEIAG offer and seek further improvement. This will be done by the personnel involved in the design and delivery of the programme as well as by external stakeholders who assess the work of the school (eg. School Improvement Partner or Ofsted)

3.2 Careers Leader

- Take responsibility for the leading, managing, co-ordinating and networking of the careers programme, ensuring compliance with the Gatsby Benchmarks
- Plan and manage careers activities
- Manage the budget for the Careers Programme
- Support teachers to build careers education and guidance into subjects across the curriculum
- Establish and develop links with employers, learning providers and careers organisations
- Work closely with relevant staff, including our special educational needs co-ordinator (SENCO) and Careers Adviser, to identify the guidance needs of all of our learners with special educational needs and/or disabilities (SEND) and put in place personalised support and transition plans
- Work with our school's designated teacher for looked-after children (LAC) and previously LAC and put in place personalised support and transition plans if required
- Review our school's Provider Access Policy statement at least annually, in agreement with our Governing Board
- Quality assures the Careers Programme, along with SLT, to ensure continuous improvement
- Work with the Kent & Medway Careers Hub to support continuous improvement using the free digital tools to self-evaluate (Compass Evaluation and Internal Leadership Review)
- Leading the team of teachers, administrators, external partners and others who deliver career guidance
- Advising SLT on policy, strategy and resources for careers guidance and showing how they meet the Gatsby Benchmarks
- Reporting to senior leaders and governors
- Reviewing and evaluating careers guidance and providing information for school/college development planning, Ofsted and other purposes
- Creating a vision for careers guidance in the school/college and getting this endorsed by the senior leadership and governors

- Preparing, and leading the implementation of, a careers guidance development plan/strategic plan,
- Ensuring compliance with the legal requirements to provide independent careers guidance and, in schools, give access to pupils to the providers of technical education or apprenticeships, including the publication of the policy statement of provider access on their website.

Management:

- Planning the programme of activity in career guidance
- Briefing and supporting teachers and tutors involved in career guidance
- Monitoring delivery of career guidance across the eight Gatsby Benchmarks, using the Compass review tool
- Supporting tutors, providing initial information and advice
- Managing the work of others, e.g. Careers Adviser, administrative and other staff involved in the delivery of career guidance
- Monitoring access to, and take-up of, personal career guidance (by a qualified, L6 or above, Careers Adviser)
- Ensuring that universities, colleges and apprenticeship providers have access to students to share information on opportunities
- Managing the careers budget as appropriate
- Managing their own CPD and supporting the ongoing CPD of colleagues in the careers team

Coordination:

- Managing the provision of careers and labour market information
- Managing the careers section of the school's/college's website, ensuring that information is accurate and up to date
- Liaising with the PSHE/Personal Development Programme leader and other subject/course leaders to plan their contributions to careers guidance
- Referring students to Careers Advisers
- Co-ordinating encounters with employers and work experience
- Communicating with students and their parents

Networking:

- Establishing and developing links with FE colleges, apprenticeship providers, UTC's and universities
- Establishing and developing links with employers

- Negotiating a service level agreement with the local authority for support for vulnerable young people, as appropriate
- Commissioning careers guidance services where appropriate
- Managing links with the Local Enterprise Partnership (LEP), Careers Hub and other external organisations
- Securing funding for careers related projects
- Building a network of alumni who can help with the career's guidance programme

3.3 Wider Senior Leadership Team

- Support the Careers Leader by ensuring there is a comprehensive overview of the requirements, resources and priorities of the Careers Programme
- Support the Careers Leader in developing their Strategic Careers Plan
- Make sure the school's Careers Leader is allocated sufficient time, and has the appropriate training, to perform their duties to a high standard
- Allow training providers access to talk to learners in years 8 to 13 about technical education qualifications and apprenticeships, and set out arrangements for this in the school's Provider Access Policy
- Network with employers, education and training providers, and other careers organisations

3.4 The governing board

- Appoint a member of the governing board who will take a strategic interest in careers education and encourage employer engagement
- Make sure the school has a clear policy on delivering Careers Education, Information, Advice and Guidance and this is clearly communicated to all stakeholders.
- Make sure independent careers guidance is provided to all learners throughout their secondary education and that the information is presented impartially, includes a range of educational or training options and promotes the best interests of learners
- Make sure that a range of education and training providers can access learners in years 7 to 11 to inform them of approved technical education qualifications and apprenticeships. The Provider Access Legislation policy, to support this can be found – **Appendix 3**
- Make sure that the careers pages on the school website are compliant and up-to-date
- Make sure measuring & assessing impact and evaluation of the Careers Programme is in place.

4. Our Careers Programme (Student Careers Learning journey)

Our school has an embedded Careers Programme, **see Appendix 2**, that aims to inform and encourage learners to consider their career options and take steps to understand their choices and pathways. We provide statutory independent careers guidance to learners throughout their secondary education.

Our programme has been developed to meet the expectations outlined in the Gatsby Benchmarks, see **Appendix 1**.

Our programme does not show bias towards any particular career path and promotes a full range of technical and academic options for learners.

It is structured in a way that builds upon previous years, and the overarching aim is divided between the Key Stages so that learners are encouraged to think appropriately about their future. We provide aims, objectives and careers related activities appropriate for each year group.

Our Careers Programme is delivered through several methods, including:

Key Stage 3 Provision

Currently in KS3 (Years 7-9) we do not focus on careers. This is because we work with their home schools on this. They do have opportunities to engage with work experience within our KS3 nurturing programme.

Key Stage 4 Provision

In years 10 and 11 the focus is on building aspirations and exploring career opportunities in more detail. In year 10 the focus is on developing self-presentation skills and understanding what employers want. In year 11 the focus is on making plans and applications for post-16 learning. This includes:

- *Individual careers guidance interviews for all year 11 students*
- *Work Experience*
- *Information assemblies about Post 16 options Inc. Sixth Form, College and Apprenticeships*
- *Assistance with Post 16 applications*
- *Presentations about taking opportunities, the importance of work experience and aiming higher*

4.1 Learners with special educational needs or disabilities (SEND)

We expect that the majority of learners with SEND will follow the same careers programme that meets the

Gatsby Benchmarks, with adjustments and additional support as needed.

Our Careers Leader will work with teachers and, where appropriate, professionals from relevant organisations, to identify the needs of our learners with SEND and put in place personalised support and transition plans. This may include meetings with learners and their families to discuss education, training and employment opportunities, supported internships and transition plans into higher education.

Our Careers Leader may, as appropriate, invite adults with disabilities to visit and share their experience and advice.

4.2 Access to our Careers Programme information

A summary of our schools Careers Programme is published on our school website, including details of how learners, parents, teachers and employers can access information to support the Careers Programme.

Learners, parents, teachers and employers can request any additional information about the Careers Programme by contacting one of the careers team.

For learners with special educational needs or disabilities there may be bespoke provision and encounters with specialist provisions that the school has identified as suitable for those learners.

Our Careers Programme meets the Provider Access Legislation:

For pupils of compulsory school age these encounters are mandatory and there will be a minimum of two encounters for pupils during the 'first key phase' (year 8 to 9) and two encounters for pupils during the 'second key phase' (year 10 to 11). See our Provider Access Legislation Policy - **Appendix 3**.

5. Monitoring, Review and Evaluation - Measuring & assessing impact, monitoring and evaluation

Measurement & Assessment

We continually measure and assess the impact of our careers programme by collecting and evaluating feedback from a variety of stakeholders including students, staff, parents/carers and providers. Student's careers knowledge is also evaluated using the Future Skills Questionnaire from the Careers & Enterprise Company, designed to measure the career readiness of students. A programme of monitoring and self-assessment is in place and the careers provision is reviewed annually using collected data and the Compass+ evaluations. MMAP is also termly evaluated with support from our Enterprise Co-ordinator from the Careers & Enterprise Company. We measure the effectiveness of the programme with reference to our destinations data for Year 11 in comparison to national and equivalent figures.

How MMAP measures and assesses the impact on pupils

- MMAP has a Careers Plan in place to track student progress in relation to this year's priorities and the eight Gatsby Benchmarks
- The Careers Plan is reviewed termly by our Enterprise Co-ordinator from the Careers & Enterprise Company
- MMAP uses the Compass+ evaluation tool to assess ongoing progress in relation to the eight Gatsby Benchmarks
- Annual full review of the aims of the programme with a focus on outcomes for learners and assessing if the objectives have been met
- Regularly utilising feedback to adapt the programme to meet student need

Annual evaluation of the effectiveness of our Careers Programme includes:

- Attainment
- Progress
- Options pathways
- Destinations data
- Future Skills Questionnaire
- Feedback about career related activities and full Careers Programme from students, parents/carers, teachers, governors and employers
- Impact of curriculum days, such as Enterprise and STEM days

Outline of our evaluation framework:

- Are we making the best use of the resources we have distributed for careers work?
- How effective are the different guidance interventions we use? e.g. one-to one interviews, small group work, drop-in sessions
- Are we optimising pupils learning from the current Careers Programme?
- Are we evaluating pupils' activities feedback in relation to career readiness?
- Have the learning outcomes been achieved at the end of the students 12 weeks, if in our nurture programme, or at the end of Year 11 if with us permanently?
- How well are students succeeding in taking the next step in their education, training or employment? Was it "their best next step"? How do we know this:
 - Destinations achieved at the end of KS4
 - Destinations of students tracked until their 18th birthday

Maidstone and Malling Alternative Provision

Provider Access Policy

Introduction

This policy statement sets out the school's arrangements for managing the access of providers to the school for the purpose of giving them information about the provider's education or training offer. This complies with the school's legal obligations under Section 42B of the Education Act 1997. At MMAP all pupils in years 9 to 11 are entitled:

- To find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point;
- To hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through options events, assemblies and group discussions and taster events.
- To understand how to make applications for the full range of academic and technical courses.

At MMAP we have a single cohort of Year 9 that remain with us for academic purposes. These students will receive at least one encounter during this academic year. There will be a minimum of two encounters for pupils during the 'second key phase' (year 10 to 11)

These provider encounters will be scheduled during the main school hours and the provider will be given a reasonable amount of time to, as a minimum:

- Share information about both the provider and the approved technical education qualification and apprenticeships that the provider offers
- Explain what career routes those options could lead to
- Provide insights into what it might be like to learn or train with that provider (including the opportunity to meet staff and pupils from the provider)

- Answer questions from pupils.

Meaningful provider encounters

One encounter is defined as one meeting/session between pupils and one provider. We are committed to providing meaningful encounters to all pupils using the Making it meaningful checklist. Meaningful online engagement is also an option, and we are open to providers that are able to provide live online engagement with our pupils.

Previous providers

In previous terms/years we have invited the following providers from the local area to speak to our pupils:

- Catch-22
- Mid Kent College
- Pathways
- Prince's Trust
- NK College
- Army

Destinations of our pupils

Last year our year 11 pupils moved to range of providers in the local area after school:

- Mid Kent College
- Apprenticeship
- Work Experience

Management of provider access requests

Procedure

A provider wishing to request access should contact Marie Albrow, Career's Advisor.

Email- malbrow@mmap.kent.sch.uk

Phone- 01622 753772

Opportunities for access

The school offers the six provider encounters required by law:

- Event for University Technical College
- KS4 options event – Mid Kent college and CXK ASK apprenticeship provider attending to give presentations to pupils.
- Post 16 technical education options assembly with General Further Education College
- Post 16 apprenticeships assembly.
- Attendance to a local Higher Education fair for a variety of HE providers including local Further Education colleges

In addition to these there are more events, integrated into the school careers programme. We will offer providers an opportunity to come into school to speak to pupils or their parents or carers.

Please speak to our Careers Leader to find the most suitable opportunity for you.

Premises and facilities

The school will make the main hall, classrooms, or private meeting rooms available for discussions between the provider and pupils, as appropriate to the activity. The school will also make available AV and other specialist equipment to support provider presentations. This will all be discussed and agreed in advance of the visit with the Careers Leader or a member of their team.

Meaningful online engagement is also an option, and we are open to providers that can provide live online engagement with our pupils.

Providers are welcome to leave a copy of their prospectus or other relevant course literature at the Careers Resource Centre, which is managed by the school librarian. The Resource Centre is available to all pupils at lunch and break times.

Complaints:

Any complaints with regards to provider access can be raised following the school complaints procedure or directly with The Careers & Enterprise Company via provideraccess@careersandenterprise.co.uk

Approval and review Approved [10/05/2023] by Governors at Curriculum and Standards Committee Next review: [10/05/2024] Signed: [Phil Leyland] Chair of Governors [Stacie Smith] Head Teacher
